

Science Fair 2016

Time to get on
your lab coats and
safety glasses!

The science fair is
on **January 28!**

- **Purpose:** To give your child practical knowledge of how to develop a hypothesis, follow the scientific method to test it, and present results and conclusions in a poster format.
- **Materials:** All students K-5 are able to participate! Bring your brains and your creativity!
 - ❖ 4th and 5th graders are invited to compete for the opportunity to advance to the county level science fair.
 - ❖ Competition is not required for any age group.
- **Methods:** Please sign up your child before **Friday, November 6** at www.SignUpGenius.com/go/10C0F4AA8A822A2F58-science or email s.alfinito@comcast.net.
 - ❖ All registrants will receive an electronic invitation for an information session to be held in a few weeks, where important details will be shared, especially for those who plan to compete.
- **Results and Conclusions:** The Science Fair is going to be an amazing experience and we hope to see you there!
